Dear Fellow Homeowners:

In the past month, we have had an attempted break-in/home invasion and an actual break-in. A home on Tuscany was broken into earlier in the month. The initial attempted break-in prompted our Neighborhood Watch meeting with Lt. Wayne Norwood of the St. John the Baptist Sheriff’s department. Lt. Norwood has since called me with an update on the attempted break-in. The bad guys were apprehended, while leaving our subdivision. Lt. Norwood stated that the bad guys had property in their car from break-ins from other subdivisions.

Since then, however, we’ve had an actual break-in on Tuscany. These criminal acts have prompted an additional awareness alert from your HOA. We will be passing out flyers, the week of April 25th – May 1st requesting participation in a Neighborhood Watch Program for our subdivision.

Please provide us with your full cooperation in the setting up of a successful and productive Neighborhood Watch Program. One of our goals as a productive HOA was to support anti-crime activities with local authorities. We ask for your full participation in accomplishing that goal.

Remember, together we can bring Summerlin Lake to its full potential.
